This image shows a single sheet of yellow graph paper. The paper features a uniform grid of small squares across its entire surface. There are two vertical blue margin lines, one on the left side and one on the right side, creating narrow margins. The paper has a slightly aged appearance with some minor discoloration and faint smudges. A small red mark is visible in the top-left corner. The overall texture appears smooth but with slight variations in tone due to the lighting and age.
